COMPANY PROFILE

Exclusive Tiles was founded in 2009, and is today a diversified brand with four of its factories, each with its own identity, fully responding to the many requirements of a continuously changing international market. Despite being a young company in the ceramic sector, we have enjoyed rapid growth and development, as a result, we have quickly earned our place among the top brands in India.

Envisioned by its pioneer Mr. Kunal Danagaria, his goal was not to specialise in one particular product, but rather in all materials used for flooring, coverings and the decoration of all environments, constantly seeking to stay one step ahead of the latest architectural and interior design trends, giving every space its own distinct style. The strength of the group consists in its diversified, eclectic, innovative and fashionable solutions, available in a vast range of sizes, from small size wall tiles to the larger formats slabs.

Our Group of factories – Eddica Ceramics LLP, Geotech Ceramics, Notto Granito LLP and Delta Tiles India LLP manufactures various sizes of ceramic wall & floor and porcelain floor tiles. All our factories have highly automated and advanced production facilities and are situated in the heart of India's ceramic hub in Morbi, Gujarat. Right from machinery to raw materials, we procure the very best from various foreign sources like Italy, Spain and China. At pace with prevailing trends in the international market, Exclusive's product range aptly complements the contemporary consumers' demands and has got wide acceptance in many Europe, USA, Latin America, African, Gulf, Middle East and South Asian countries. To bind all this together and offer high-quality products to our customers, Exclusive has stringent and elaborate quality control systems in place which match the international quality standards.

With new and trendsetting products being introduced regularly, Exclusive Tiles continues to take huge strides towards becoming the world's unprecedented leader in the ceramic industry.
